RE: Jared Morrison's Petition for Writ of Habeas Corpus (2254), and other filings.

Dear Clerk of the Court,

Please file this Petition for Writ of Habeas Corpus, along with the other filings separately, and send me a filed and time stamped copy of this letter and the front page of each filing in the self addressed stamped envelope I provided. Please also make another copy of the file stamped front pages and give to Jana Morrison when she brings this petition. Notice the page count number on the bottom right corner of each page. Please file these four filings separately.

- 1) Motion for Leave to Supplement Petition for Writ of Habeas Corpus (2254) with brief in support of 2254 within 60 days. pp.1-3
- 2) Statement of Facts pp.4-13
- 3) Petition for Writ of Habeas Corpus pp.14-33
- 4) Appendix "1", which contains the motions and exhibits that disprove Morrison's former counsel's untrue claims in their affidavits, and prove the ineffective counsel claims in the 2254 petition. pp.89-134<sup>34</sup>
  - a) Exhibits "A"-"M" pp.34-88
  - b) Motion to Disqualify Affidavit of David Rogers pp.89-102
  - c) Exhibits "N"-"S" pp.103-128
  - d) Motion to object to Affidavit of Rodion Cantacuzene Jr. pp.129-131
  - e) Motion for Live Evidentiary Hearing p.132
  - f) Motion for Bench Warrant p.133
  - g) Unsworn Declaration/Certificate of Service p.134

Morrison will send his Motion to Object to the Trial Court's Findings when he sends in his brief that supports the 2254 petition.

I am pro se and unsure of all of what I am suppose to file with this 2254 petition, I ask to file these filings separately because the #2 instuction on the 2254 petition says any additional facts I want to present must be in a separate memorandum, and the petition may not exceed 20 pages. Because I feel it is important that the court sees the other filings, and out of an abundance of caution, I have included Exhibits "A"-"S" and the other motions I filed in the

state courts to prove my ineffective assistance of counsel grounds.

I will be working diligently on my brief in support of this 2254 petition, and because I am pro se with limited resources, and the number of grounds I have, along with the complexity of the issues, I have asked this court for a 60 day timeline to turn in the brief. I hope the Judge or signing authority grants it so I do not have to rush my brief or send one in that is incomplete. Please do not construe any of the motions or exhibits I have filed with this filing as my brief for support of the 2254 petition, they are not intended as such. I will also be sending other motions and probably a traverse in the future, so I want to thank you in advance for all the time and labor you may have to exert on my account regarding this cause.

May God bless you,

Jared Morrison
